Tribe Indoor Facility

The Tribe has leased space at THE SANDLOT 1515 Ellis St in Waukesha for the 2018 Season.

The vision of the Club is to have a training center that allows each Tribe Team and their individual players, along with the High School Program, all of the training time desired.

If you are aware of anyone that has an available building, vacant part of a building, or vacant land that may be suitable for an indoor baseball facility, please contact the [Tribe board](#).
